## General in Arctic Circle Crash Dies

ANCHORAGE, Alaska (AP)—Brig. Gen. John R. Noyes, Alaska National Guard commander, died in a plane crash last night of injuries suffered in a plane crash near the Arctic Circle.

Noyes had been in critical condition suffering injuries since he and three other guardsmen were found alive yesterday in the wreckage of the plane.

### POCO LOCO LOCALS

A Palm Desert poetess is doing well. She sent a New York magazine three poems, and they sent her back five.

Old Timer McRae, who lives just west of Fort Oliver, is adding another room to his shack so he'll have room to take a Sunday paper.

With sand as far as eye can see, my youngest grandchild nagged me for a sand-bag till she got one—(it has no bottom).

Cabot Yerxa, old timer of burro days, (Desert Hot Springs since 1913), says the only difference between an Alaskan sourdough and a Desert Rat is about four pair of blankets and six pair of socks. Cabot was in the "Cape Nome Alaska" gold rush of 1900, and the "Cape Prince of Wales" stampede of 1905.

## Trailerite Gifts Boost Chest Drive Total by \$2,700

Coffers of the Palm Springs Community Chest were filled with approximately \$2,700 this week, thanks to an all-out campaign conducted among mobile home owners residing in trailer parks.

Clint Mitchell, chairman of the special drive, announced the goal had been set at \$3,000 and that there was every hope of attaining that mark within the next few days.

Mitchell explained that although there are 3,000 trailer spaces within the city limits of Palm Springs or within the region of this city, many of these spaces are not occupied. It was hoped, he said, that a \$1 contribution for each space would be forthcoming by the end of the drive which ended Jan. 25.

"HOWEVER," continued Mitchell, "not all of the spaces are occupied and the \$2,700 indicates that many of the mobile home owners contributed more than \$1."

He said that 120 workers diligently worked a thorough plan to attain a 100 per cent rating for the mobile home owners "and we believe that within the next few days this will be accomplished."

FRANK BENNETT, chairman of the Community Chest drive, said he was more than pleased with the success and the whole-hearted support of the special campaign among the mobile home owners. He paid special tribute to the many who worked hard to gather the \$2,700.

"Believe me," said Bennett, "we are immensely pleased with the results and thankful for the support given so far by the trailer parks and their tenants. We wish Mr. Mitchell success in his efforts to attain the \$3,000."

## Cabazon Trying to Annex Land Near Village

The newly-incorporated city of Cabazon has announced it wishes to annex land within one mile of the northern boundary of Palm Springs so their city area would include the Highways 99 and 111 junction and the truck-weighting scales about 200 yards from that "Y." Cabazon will appear before the County Boundary Commission in Riverside Thursday at 10 a.m.

The annexation would include land in a narrow strip on both sides of the highway from the present southern boundary of Cabazon to the railway overpass on Highway 111 about seven and a half miles.

## Kitchen Burns While 2 Women Watch TV Nearby

Two women were watching television in the front room of the Ken Johnson home about 50 yards from Smoke Tree stables last night when a fire burned unnoticed in the kitchen, apparently for about an hour.

The women, Mrs. Johnson and a neighbor, were startled out of their fascination by Johnson, manager of the stables, who had been sleeping in a room next to the front room.

Johnson's throat was raw from the smoke-caused irritation, and he was awakened when breathing became difficult. He saw the reflection of flames in his bedroom mirror, and called to the women. He then rushed in to extinguish the blaze.

The fire department was called, and both companies rolled to the scene. Damage was confined to one wall of the kitchen, which was about 15 feet from where they were sitting. Firemen estimated the damage at about \$100.

## Mothers Will Canvass for Polio Funds Tonight

"Leave your porchlight on tonight—and contribute generously."

Mothers who will participate in the Mothers March from 7 to 8 p.m. issued this appeal today as they planned their annual campaign to raise funds to combat polio.

Every home in the Village is scheduled to be canvassed tonight—but in case some are missed provision has also been made for this.

HEADQUARTERS WILL be at the Youth Center and in the event that someone wishes to contribute, and is not contacted, a call to 5125 will bring a volunteer worker to collect the donation.

"Service to Infantile Paralysis patients including, if needed, financial assistance for treatment is the main responsibility of your Riverside county Chapter of the National Foundation for Infantile Paralysis—supported by the March of Dimes," Mrs. Sidney Moles and Mrs. N. H. Curtis, co-chairmen, said in asking for generous contributions tonight.

"WHEN POLIO strikes, the knowledge that every existing facility will be made available to bring your child or you back to health and strength, regardless of your ability to pay, will bring you a great measure of comfort, as the National Foundation will assume that part of the costs which are too great a burden for you to bear alone," the co-chairmen said.

"Riverside county had an average of 54 cases a year since 1948, with approximately \$60,000 needed annually to care for these patients. Do your share, leave your porchlight on to let the Mothers know that you want to contribute, and when they call give generously."

## Chessman Loses New Trial Move

SAN FRANCISCO (AP)—Federal Judge Louis E. Goodman today turned down a motion for a new trial in the case of a chessman who lost to a computer.

Judge Goodman refused to grant the 34-year-old condemned kidnapper a writ of habeas corpus which would have led to a new trial.

In an 11-page decision, the judge said Chessman failed in an eight-day hearing beginning Jan. 16 to prove his claims that the transcript of his Los Angeles trial eight years ago was fraudulently prepared.

## British H-Bomb Test Reported Due Next Year

LONDON (AP)—The London News Chronicle said today Britain's first hydrogen bomb will be exploded next year at some yet undetermined site in the South Pacific.

The newspaper described it as a three-stage weapon which will be triggered by high voltage electricity instead of an atomic bomb to permit slower reaction and better study of the device.

The News Chronicle said Prime Minister Anthony Eden was briefed on the hydrogen bomb project before leaving for his Washington talks.

## Building Total Here Again Tops Million

\$1,037,800 Permits In January Foretell New Record Year

Another record year of construction in Palm Springs was forecast today as January building permits exceeded the million-dollar mark.

Total valuation of permits issued was \$1,037,800, more than \$250,000 ahead of the January 1955 figure which started off the year which set a new record of nearly \$10,000,000 in permits.

It was only the sixth month since the city was incorporated that permits for one month have exceeded the million-dollar figure. Others were June 1955, January 1951, August 1950, December 1947, and March 1946.

Dwellings, which consistently led in valuation throughout 1955, again took top honors in the first month of 1956. Thirty-four new homes were authorized, with a valuation of \$609,500.

Other permits issued were: Twelve dwelling additions and alterations, \$10,250; one hotel with 18 units, \$23,000; 13 trailer ramadas and cabanas, \$34,050; 11 swimming pools, \$48,000; two new commercial buildings, \$166,000; four apartments with 25 units, \$129,000; one commercial addition, \$8,000; one warehouse, \$10,000. A total of 79 permits were issued during the month.

## Toll of Baltimore Fire and Panic 10 Dead, 127 Hurt

BALTIMORE, Md. (AP)—The death toll in the flash fire that turned a suburban church supper into a panic Sunday stood today at 10 women, mostly middle-aged or older.

The Red Cross reported 127 persons injured. All others at the supper have been accounted for.

"Eyewitnesses said 'men became beasts' when 1100 persons scrambled over each other to flee the smoke and flame-filled community hall."

Most of those who died were trampled to death or suffocated. One of the victims was 82.

Fire inspectors said escaping gas may have caused the blaze.

The annual oyster roast supper was sponsored by the Catholic Church of St. Rose of Lima. It was held in a one-story quonset-type building.

GO WESTERN" is the appeal of Mayor Florian Boyd, left, as he presents Capt. Kenny Paul of the Mounted Police with a copy of his Proclamation which designates this week as Palm Springs Rodeo Week. The Rodeo sponsored by the Mounted Police is scheduled for Saturday and Sunday. (Anderson Photo)

## Mayor Proclaims Rodeo Week; Urges Residents to 'Go Western'

"Make this the most colorful Palm Springs Rodeo in its history."

This was the appeal today by Mayor Florian E. Boyd as he officially proclaimed this week, Tuesday through Sunday, as Rodeo Week, and urged all residents to observe it.

"Go Western" is the keynote of the proclamation, and all persons are asked to wear Western attire.

Plans are completed to make this the most interesting and exciting Rodeo ever staged here, according to Warren Coble, general chairman.

STARTING WITH the Rodeo Ball at El Mirador Friday night, it promises the top in entertainment and thrills to everyone.

Queen Piper Laurie will be officially crowned at the Ball, her first public appearance before the parade Saturday morning.

The parade will feature top riding groups from throughout the country, as well as bands and special features.

The Rodeo will be held both Saturday and Sunday at the Polo Grounds, and the top riders of the country are entered.

Thrills and spills are definitely promised at the Rodeo, with the riders and ropers competing against each other for honors.

## Plane with 10 Dead is Found in Venezuela

CARACAS Venezuela (AP)—The wreckage of a private plane carrying 10 persons, including four Americans, was found crashed against a mountain in a remote part of Venezuela today. There were no survivors.

A National Guard communiqué said the plane apparently struck Capaya Mountain in the Acededo District of Miranda State. Ground and air parties were dispatched to the scene.

The plane was piloted by an American, Charles P. Boughan, 51, who flew with the British Royal Air Force during World War II and once was former Egyptian King Farouk's private pilot.

## Pay-As-Go Road Plan Agreed On

Eisenhower Said To Have Okayed Gas Tax Financing

By UNITED PRESS President Eisenhower today agreed with plans of Democratic congressional leaders for pay as you go user taxes to finance a new multi-billion dollar highway program.

House Republican Leader Joseph W. Martin Jr. announced the agreement after a GOP legislative conference at the White House.

He said the President concurred on what essentially is a Democratic party proposal for financing highway construction, a penny in gasoline taxes and increases in taxes on diesel fuel, automobiles, trucks and tires and tubes.

Speaker Sam Rayburn (D-Tex.) a key architect of the Democratic plan, withheld comment on Martin's announcement. But he has said in the past that it will be impossible to build the needed roads unless taxes are raised to pay for them.

### Other congressional news:

TAX: The House voted, 387 to 6, to exempt farmers from paying \$60 million a year in taxes on gasoline they use on their farms. The measure was requested by the President, but Republicans and Democrats vied with each other in claiming credit for the bill.

SURPLUS: The Agriculture Department asked the House Merchant Marine Committee to recommend repeal of a law requiring that 50 per cent of surplus farm commodities sold abroad be shipped in American owned vessels. It said the restriction has "hampered" its efforts to dispose of surpluses.

RADIO: FCC Chairman George C. McConaughy cautioned against tampering with the law requiring radio stations to give equal free time to political opponents.

INCOME: Robert R. Nathan, a government economist during the Roosevelt and Truman administrations, agreed with Mr. Eisenhower that an over-all tax cut could not be justified now. But he told a Senate-House Economy Committee lower income groups should be given some tax relief this year. The resulting revenue loss, he said, could be offset by cancelling dividend credits and closing "loopholes" in the present law.

## Reveals He Has Already Started Probe

Hopes to Hand PUC Report in Three Weeks

Investigation of complaints against the California Water and Telephone company which included Jimmy Cooper, secretary of the Palm Springs Chamber of Commerce; Hal Kapp, president of Palm Desert; Claude Cobb, prexy of the Cathedral City Chamber; Chet Madison of Rancho Mirage, Mrs. Ben Reed of Desert Hot Springs, and Roy King, president of the Indio Chamber of Commerce, and civic leaders voiced criticism of both the California Water and Telephone Company and the Coachella Home Telephone and Telegraph Company.

Representatives of six chambers of commerce which included Jimmy Cooper, secretary of the Palm Springs Chamber of Commerce; Hal Kapp, president of Palm Desert; Claude Cobb, prexy of the Cathedral City Chamber; Chet Madison of Rancho Mirage, Mrs. Ben Reed of Desert Hot Springs, and Roy King, president of the Indio Chamber of Commerce, and civic leaders voiced criticism of both the California Water and Telephone Company and the Coachella Home Telephone and Telegraph Company.

MELVIN E. MEZEK, the senior engineer of the Public Utilities Commission, heard numerous complaints against both of the privately owned public utilities which included: "complete inability to give proper service; inequity of toll charges from Palm Desert to Palm Springs; failure of the California Water and Telephone Company to solve the overloaded communication system, and demand that something be done to improve the service between Palm Desert, Rancho Mirage, Cathedral City and Palm Springs.

Mezek listened quietly to the complaints and then announced that an investigation of the services by him had started yesterday, and at least three weeks would be needed to check the complaints he heard this morning during the meeting held at the Firecliff Lodge in Palm Desert.

"I hope by the end of that time I will be able to submit my report to the State Public Utilities Commission," Mezek stated.

MEZEK ALSO revealed that a study of the situation here and in Coachella Valley has been underway since 1952. However, he warned those present that nothing could be done about the complaint in toll charges and a request for extended services from Palm Desert to Palm Springs without a formal complaint.

"A formal complaint must either be presented to the commission with the signatures of 25 subscribers or from some civic organization. This complaint must follow definite procedures," he said.

In the four years that the Utilities Commission has been studying the situation here the net result has added up to nothing, according to the tenor of questions asked of the engineer.

Mezek did say that four plans

## Lobby Hours Changed for Post Office

Due to installation of the new low-type screenline equipment in the lobby of the post office it has become necessary to lock the door of the main lobby at 6 p.m. daily, 12 noon on Saturday and all day Sunday, when there is no window service. Postmaster Merritt Williams announced today.

During the period the main lobby door is locked mail may be deposited in the collection box at the curb.

Patrons who have post office boxes may enter the box lobby from the rear side door until 9 p.m. daily except Sunday when the door will be locked at 8 p.m. There are letter drops and a stamp vending machine installed in the box lobby for their convenience.

"As there is no service to be obtained in the main lobby during the periods the door is locked, we trust that no inconvenience will be experienced by any patron due to this change in procedure," Williams said.

## REAL ESTATE NEWS

By EARL R. OBERN Real Estate Editor

Prominent people are continuing to invest in real estate in Palm Springs. George Gannon Realty announces the sale of a residence at 1329 South Riverside Drive, to S. S. Van Keuren, vice president and general manager of Hal Roach Studios.

Mr. and Mrs. Robert Lawrence, well known subdividers from Wichita, Kansas, recently stayed at the Oasis Hotel. They were here to look over possible development properties in the desert area.

The National Association of Real Estate Boards announces that March 11 to 17 is being designated as National Realtor Week. The Palm Springs Real Estate Board plans to make this week one of informing the public of what a Realtor is through radio, newspaper and other publicity. Members of the Real Estate Board will be asked to speak before various civic and service clubs explaining the activity of Realtors and Real Estate Boards, and what they stand for.

WHO'S WHO Among Realtors. This week we present Realtor Samuel D. Arner of the Desert Realty Company of Cathedral City. Sam was born in Vandergrift Heights, Penn. Coming west to Denver in 1926, he longed for a better climate and came to Cathedral City in 1931.

He bought up numerous business and income property sites and ever homesteaded 160 acres nearby. The market value of these lots since then, according to Arner, has advanced 20 times the original price.

Sam Arner is a charter member of the Cathedral City Chamber of Commerce and helped organize it, serving as its first secretary. At that time there were no schools, town hall, library or paved streets, no fire department and no zoning.

In 1942 Arner became a candidate for Congressman when this district was formed. He possesses diplomas in law, theology and pre-medicine.

For the past 10 years Sam has devoted most of his time to the real estate profession. He is a member of Palm Springs Realty Board, Multiple Listing Service and State and National Real Estate Associations.

**SIX GOLF COURSES** . . . within 20 miles of Palm Springs? We will likely have that many within a year or so. And yet if someone had suggested such an idea five years ago their sanity would have been questioned. It's always been that way in the Palm Springs resort area. Everyone — even some pretty smart real estate operators — have been inclined to sell this section short, newcomers and old timers alike.

All of which has resulted in a lot of misgivings on the part of a lot of people. I hear almost every day some person remarking about how they could have bought "that property" for less than half what it is worth today. But they didn't buy it — they were skeptical like so many others. The result is, of course, that property in the area has changed hands many times. Very few held on very long.

And now, so the story goes, prices are reaching the limit and no good investment opportunities are left. That's like saying that America isn't the land of opportunity any more. With its natural advantage in climate and proximity to one of the nation's largest and fastest-growing cities the resort and agricultural industries of the Coachella Valley can be as sure of continued growth as any place could be. And yet there will always be doubt in many people's minds because of the popular opinion that there is greater hazard in the resort and farming business.

**MORE GOLF COURSES?** — Typical of the growth of this resort area is the rapid expansion of golfing facilities. Other recreational facilities have grown also but golf has had the most spectacular rise. It was only a few years ago that Palm Springs had but one 9-hole (O'Donnell) golf course, the only other in the area being the Cochran course at Indio. Beautiful Thunderbird and Tamarisk courses were built within three years of each other — which seemed to be over-doing the thing. The result, as we all know now, was to attract more vacationists, home owners and investors to the area and project this resort area into the limelight as one of the most popular Winter golf centers in the nation.

Last week another course was launched — Indian Wells Country Club, about half way between Palm Springs and Indio. Like Thunderbird and Tamarisk the 150-acre development will include residential lots around the course — 125 of them. The plan is to provide moderate priced homes and golfing facilities within the range of all. It is the belief of the planners that the new course will help rather than hurt the existing ones and the proposed municipal course in Palm Springs.

**UP TO THE VOTERS** — Whether Palm Springs will have a Municipal Golf Course or not will be decided by the voters here on Feb. 14th. It is proposed that the city buy 140 acres of land at an estimated cost of \$400,000 and build a course which will cost about \$350,000 — to be paid for over a 20-year period. It is the opinion of many residents that this would provide the greatest recreational need for Palm Springs because so many want to come here and play golf but cannot get on at the present courses.

Some people who don't play golf can't see why they should be taxed to provide a golf course for the other fellow who does play. The answer, of course, is that this area depends upon recreational facilities for its very existence. Other communities spend tax money for industrial sites to attract manufacturing — and pay-rolls. Our chief business is the tourist industry, and our income the tourists' dollars. So it does make sense that everyone will benefit by providing needed recreational facilities.

There should be no doubt in anyone's mind as to whether or not Palm Springs will need a municipal golf course to stay in competition with other resort areas. It is an absolute must. The only question could be whether or not this is the time. The answer to this question is that, if we wait too long, the cost may be almost double. The city now believes that it may be able to buy a suitable 40-acre site for \$400,000. It cannot negotiate until it has the money to back up an offer, however. This is the time to start such negotiations.

It may take a couple of years for a municipal course to get on a paying basis but there is every reason to believe that it would eventually bring a good return to the city — perhaps even enough in 10 or 15 years to pay off the entire investment.

As I said in the beginning — The future of Palm Springs is definitely assured. All we need do is provide the recreational facilities that are expected of any resort area. A municipal golf course is certainly one of them.

Nature has provided the rest!

**THIS ONE IS CLICKING** — "Marty," a low-budget movie dealing with the day-by-day problems of ordinary people, has been voted the best movie of 1955 by the National Board of Review of Motion Pictures.

"Marty" has also been a smash at the box office. In Hollywood the idea used to prevail that the public wouldn't go to see really good movies, but wanted hokum or corn. In the last few years that idea has been fading, as is attested by the fact that many excellent movies have been made. The success of "Marty" should end any lingering doubts.

Something new adorns  
Our Desert scene.  
The Desert Rat  
in a jeep bright green.

Through the courtesy of Mr. Fred C. Weigel, umpire of the Desert Empire, I was transported to Thousand Palms yesterday. And there standing before Fort Oliver, the old adobe, stood a bright, verdant green jeep. You could tell right away to whom it belonged. For it was plastered with bright signs advertising The Desert Rat Scrap Book.

By this time you should know, if a resident of the desert for even a short time, that the proud owner of the vehicle is Harry Oliver.

I CAN FORESEE trouble, however. The jeep has no top on it as did his old station wagon, vintage 1929. So Harry is going to have to get a chintz for that old black hat of his. The one with the holes in it so his ideas can come out. Otherwise, it's going to blow off — and he'll be lost without it.

And so will Villagers who tell the seasons by Harry's hats. In the Fall and Winter he wears the black one. In Spring and Summer he changes to a pith helmet.

But it is going to be a sight to see Harry and Whiskers, his dog, rolling along. Both with their whiskers blowing in the breeze.

By the way, the license plate of the new jeep starts with GCT. Which, I infer, stands for Great Character Travelling or else sounds a warning to make way: Genius Coming Through.

According to reports from Sacramento, they scrambled the descriptions of the county's exhibit at the capital. The county exhibit of photographs was changed last week but the inscriptions were not.

And under a picture of harem queens — carrying out the Arabian Nights motif of the annual Riverside County Fair and National Date Festival, was the title: "Winter Vegetables."

Well, I think that is all right. Having seen some of the pulchritude that adorns the Fair: They sure are tomatoes!

TRAVEL ALONG North Indian Avenue slowed down to a decorous pace Sunday afternoon when motorists spied a police motorcycle parked at the curb. But suddenly, speed picked up again.

The back wheel was off of the motorcycle. Presumably a flat tire.

NOW WHAT FOLLOWS is really bad. But I can't resist it.

Saturday I mentioned that the first newspaper on which I drew remuneration was printed on pink paper. Long, long ago. And that now the sports page, my favorite, is on salmon-colored paper.

Which prompted a reader to comment via Mr. Bill Nash's troubled wires:

"Phat, old bear, you forgot one color. You know, of course, that The Desert Sun is read all over."

Medicine in Frontier Days

In the first 50 years of the last century, that is, before 1850, doctors were rare individuals. A few were found in the cities, and very few in the backwoods. The fees of the doctors were very small, but even in those days seemed unusually large. It was the time just before the great development of our knowledge of the fundamentals of medicine as we know them today, so that accurate diagnosis was almost impossible, and treatment a haphazard condition.

There was more or less assault upon a prolonged illness with the utilization of powerful blisters, massive purgatives or cathartics, and repeated bleedings. Family medicine prescribed cathartics for nearly everything, and calomel was perhaps the most used one. A conscientious physician could pretty thoroughly wreck a patient if the illness proved stubborn, and most of the home remedies had any effect at all.

On the frontier the medical practitioner might be the housewife, or grandma, or a neighbor who had a reputation for occult wisdom, supposed to be gifted at magic. Many rituals, from sympathetic magic and African voodoo, had come into use by the people and Indian medicine was perhaps at the head of the list of drugs used. A doctor book, or almanac, might be found containing many pages of syrups, roots, barks, leaves and berries, from which teas and extractions were made, and very frequently were exchanged with neighbors, even as stamp collectors exchange stamps today.

Some of their names are common to most households today, and read like gentle poetry: rue, thyme, marjoram, hyssop, lavender, sweet bugle, oak of Jerusalem. The names of others reveal their use, feverfew, flea bane, boneseed. Many barks came into use, such as sassafras, wild black cherry, and emetics such as lobelia and ipecac, both of which latter are in common use. None of these plants or herbs could control bacterial infections, and it was only approximately a century later that we came into these magic antibiotics, which have given us the power to wipe out germ life, producing serious disease.

## Washington Report

**WASHINGTON** — Marshal Tito, who is allowing Communist arms for the Arabs to be shipped through his country, is getting a large airforce of American planes.

The U. S. is giving Yugoslavia, in the form of military aid, approximately 400 F-86 Sabrejets—the best fighter in the world until replaced last year by the supersonic F-100 and other new-model jets.

The 400 Sabrejets are in addition to the more than \$500,000,000 of weapons and equipment the U. S. has given Yugoslavia since 1952. Still to be worked out in this unpublicized agreement are details of an inspection system to enable the U. S. to maintain a regular scrutiny of the maintenance and operation of these fighter-planes.

Major General John K. Waters, recently-named chief of the Military Mission in Yugoslavia, is conducting these negotiations.

Arms inspection will be an innovation in Yugoslavia. Tito adamantly opposed that, despite the immense quantities of military and economic aid he has received from the U. S. Last year, this attitude was sharply assailed in Congress and threats were made to prohibit armaments to countries that balked at inspection.

Secretary Dulles prevailed on Tito to make concessions on this issue. In their personal talks last fall during an interlude of the Big Four foreign ministers conference in Geneva.

The Yugoslav ruler agreed to allow the U. S. to examine weapons in certain areas and for that purpose to increase our Military Mission from 40 to 60 personnel.

Note: General Waters is a son-in-law of the late great General George S. Patton. Prior to going to Yugoslavia, Waters commanded the famed 4th Armored Division, which was one of Patton's favorite spearheads in his historic drives through France and Germany.

**ROUNDABOUT DEAL** — Tito is pressuring the U. S. to speed up delivery of the F-86s. Delay on that is due to two factors: The need to recondition most of these planes, and the reaching of a definite agreement on inspection terms.

Yugoslavia is getting this large airforce through an arrangement between the U. S. and Britain, as follows:

Several hundred of Britain's new Hawker-Hunter jets were slated for West Germany's recreated Luftwaffe. This fighter was devel-

oped and is being produced as part of American military aid to Britain. But hitches in German re-arming upset the plan to give them the Hawker-Hunters.

To take up this slack, it was decided to use this new jet as a replacement in the R.A.F. squadrons equipped with F-86s, and to send the latter to Yugoslavia.

The Sabrejets will be the first ever turned over to Yugoslavia, which has received no U. S. fighter-jets of any kind since 1954. Delivery of this type plane was halted on the recommendation of Admiral Arthur Radford. The chairman of the Joint Chiefs of Staff advised that when Tito persisted in refusing to permit American inspection of the huge quantities of armaments supplied him.

Yugoslavia has been training pilots for the Sabrejets. The equipment for that training has been provided by the U. S.

The F-86 fought in Korea, where it proved outstandingly superior to the Russian MIG-15. All Allied air units there were equipped with the Sabrejet, which is still the best in its class.

Note: Yugoslav Ambassador Vladimir Popovic readily admits that Marshal Tito would like to visit

the U. S., but won't do so in 1956. Popovic explained to this column, "This is an election year in your country, so that precludes his coming. But don't be surprised if Tito appears here after the election." The Ambassador's current favorite tune is, "Let Me Go, Lover."

**SPARKS**—Senator H. Alexander Smith (R-N. J.) will sponsor the Administration's bill to require public disclosure of management and union welfare and pension funds. The measure would empower the Secretary of Labor to determine what information should be revealed. . . The Agriculture Department has reported to Congress that difficulty is being encountered in coping with thefts of stored surplus farm products. . . Four senior federal employees with an over-all total of 143 years' service are retiring. They are E. E. Odom, general counsel of the Veterans Administration, with 36 years' service; N. D. Hathaway, director of VA investigations, 30 years; C. Gordon Beck, VA insurance director, 37 years, and Royal Davenport, chief of technical coordination of the Geological Survey, 40 years.

## Try and Stop Me

By BENNETT/CERF

**THE NEW REGIME** in the Kremlin hit upon the notion of sending three ace reporters to the USA so that they might tell all the comrades how much better things were in Moscow than, let us say, Minneapolis, and why Khakov had Kentucky lashed to the mast.

Unfortunately, two of the journalists fell so in love with America they couldn't hide their feelings in the stories they sent in. One, of course, was sent to the salt mines of Siberia, the other to rot in a dungeon vile. Number Three, however, managed a series of articles that depicted America as the most horrible place this side of Hades. The authorities, pleased, conferred upon him the famous Double Cross of the Soviets and asked him to claim his own reward.

"I have but one thing to ask," begged the writer, "tears streaming down his cheeks. 'Send me back to Minneapolis.'"

## 1956 Queen Scheherazade to be Selected Feb. 4 at Indio

INDIO — Queen Scheherazade, who will reign over the 1956 Riverside County Fair and National Date Festival, will be picked from 11 candidates on Feb. 4, at the Indio fairgrounds.

One of the candidates is Sharon Smith of Cathedral City, who has been entered in the contest by the Cathedral City Junior Women's Club as "Miss Palm Springs."

A panel of three judges will select the winner at a ceremony beginning at 2:30 p.m. on the outdoor Arabian Nights stage. The 10 runner-up candidates will attend the queen as princesses during the fair and festival, Feb. 6 through Feb. 22.

QUEEN SUPERVISOR Ora Jared has announced that the panel of judges will consist of Lt. Gov. Harold Powers of California, Lt. Gov. Rex Bell of Nevada, and Robert Simon, Coachella Valley resident and former film executive.

Formal coronation of Queen Scheherazade will take place at the Aladdin Ball at the Shadow Mountain Club in Palm Desert Feb. 10. Aviatrice Jacqueline Cochran Odum will crown the Riverside County beauty.

OTHERS WHO WILL participate in the Feb. 4 ceremony will be Karen Morton of Palm Desert, last year's queen, and G. L. Christiansen, director of the Arabian Nights pageant, a feature of the fair and festival.

Friends and relatives of the candidates are invited to attend the judging at the fairgrounds.

KAREN MORTON, Palm Desert, Queen Scheherazade of the 1955 Riverside County Fair and Date Festival, will play an important part during the contest to select the new queen. She is pictured here holding a box of choice dates grown in the warm sunshine of the Desert Empire.

Mr. and Mrs. Ralph Cain of Stockton; Mr. and Mrs. H. S. Baker of Detroit Lakes, Minnesota; Jay Robinson, who recently appeared with Bette Davis in "The Virgin Queen," and Frederick Werder, who celebrated his 23rd birthday on Sunday, were all guests at Shadow Mountain Terrace.

## Ex-POW Plans Residence Here

DESERT HOT SPRINGS—Capt. Elwood C. Madsen (U.S.N., ret.), who spent four years in World War II as a prisoner of the Japanese, and his wife are spending the winter in Desert Hot Springs, and plan to become permanent residents of the desert.

Captain and Mrs. Madsen have been guests at Starlite Lodge, 13-105 S. Palm Drive, since November 25, and plan to remain there for another month, until they are able to take possession of the home they have purchased at 750 Paseo de Anza, Palm Springs.

"Married 23 years, and it's the first home we've ever had," Mrs. Madsen says happily.

Captain Madsen, an Annapolis graduate with the class of 1928, retired August 1 after 27 and a half years of Navy service.

He was taken prison by the Japanese on Guam in the opening days of World War II. Mrs. Madsen narrowly escaped capture, having been evacuated from the island along with other Navy wives only a few days before the outbreak of hostilities.

The captain also served in the Korean War, during which he commanded an attack cargo ship and later a Navy oil tanker in Korean waters.

MEN AND EQUIPMENT push ahead to complete the new portion of Highway 60-70-99 at the junction of Ramon Road near Thousand Palms. Ramon Road runs across the foreground in the above picture. Progress on the highway was slowed by a rock and gravel strike early this month, but work is now under way again. The job was to be completed by the end of January or early February, and there are hopes of holding to this

schedule. The State has just recently issued bids for construction of the only remaining portion of the highway between Thousand Palms and Indio that is not completed, but no completion date has been set for the entire project. (Desert Sun Photo)

Mr. and Mrs. Harry Harper of Riverside spent a few days in Palm Springs last week, as guests of Mrs. Harper's mother, Mrs. Caroline H. McClure of 349 Via Altamira. Mrs. Harper and her mother attended the fashion show at the Woman's Club Friday afternoon. The Harpers were long-time residents of the Village.

### Artist and Bride Honeymoon Here

Palm Springs Community Church was the scene of a quiet wedding Saturday evening when Eleanor Knight and Fritiof Persson were married by Rev James H. Blackstone.

The bride is the daughter of the late Col. E. H. Cooke and Mrs. Cooke of Redlands. Mr. Persson, a landscape artist, is the son of the late Capt. and Mrs. Augustus Persson of Stockholm, Sweden.

### Fashion Show Luncheon Friday

A fashion show luncheon to be held Friday at 12:30 p.m. at the Palm Springs Ranch Club, will present originals by French Couturier Andree, who is now located in Palm Springs. Models will also show hand-blocked prints designed by D. D. and Leslie Tillett.

Advance reservations may be made by calling the Ranch Club at 5061.

## 'Viva Palm Springs' Show of New Resort Wear Viewed by Six Hundred Friday

The clubhouse of the Palm Springs Woman's Club and the patio were filled with more than 400 women for the afternoon showing of their annual fashion show on Friday afternoon. With sprinkles threatening in the morning, there were around 200 in attendance.

"Viva Palm Springs" was the theme for this year's show and the clubhouse was decorated, from the entrance to the stage, in a Spanish motif, and music by the Guadalupe Boys keyed the modeling of costumes. A colorful street scene on the stage, included a market stall, with serape, sombrero and guitar hanging on the wall. Models made their entrance through an arched gateway.

A collection of play clothes, so suitable for resort wear, featured tapered pants, walking shorts, playsuits, and a smart white cotton gabardine tennis dress with big brass buttons. Sophisticated was the mustard linen playsuit with softly pleated print silk skirt over it. This was a Toni Owens. Provincial prints predicted that the Early American look is creeping back in Spring and Summer fashions.

Handsome was the Irish linen beige sheath dress with gold trim, and the birdwing blue linen costume with its jacket lined with a floral print. Ensemble spectators combined slim sheaths of coats over slim sheaths of gowns.

Exciting was an Edith Small creation, a sapphire blue silk taffeta ballgown, with fluid lines. This was in the collection of blues. There were Hawaiian printed Caftan coats paired with lounge pants, smartly beautiful bathing suits. One of emerald green lastex, was sprinkled with rhinestones, and was worn with a tiny glittering crown and floating tulle draperies. Several of the new suits claimed their own overskirts for poolside wear.

Emphasized in the show was the new monotone, the all-in-one, put-together look, so new for Spring. It was interesting, too, to see Glen plaid returning. The suit shown was in pink and taupe, satin bound, with hipbone jacket and all-around pleated skirt.

Party dresses, dinner gowns and formals closed the show. One of the prettiest was an Edith Small original, a short white and turquoise taffeta dress with harem skirt. Glittering trimming was used on the midriff.

Club President Mrs. Boyd Andrews welcomed the audience and introduced Mrs. Montague Herbert, who again chairmanned the successful show. Referring to the rainbow that ended the morning sprinkles, Mrs. Herbert said that some Palm Springs student would find the pot of gold at the foot of the rainbow as proceeds from the show will be used for the Club's scholarship fund.

The show was commented by Winifred Waring of the J. W. Robinson Company's Los Angeles store.

Committee members working with Mrs. Herbert on the style show included Mmes. Herbert Burns, Keith Herbert, W. G. Bovee, George Manington, Glenn Watson, George Smith and George Gallagher.

Tea was served to the afternoon crowd and coffee to the morning crowd.

### Cream for Leather

**NEW YORK — (AP) —** New on the market: a cream that keeps leather fashions or home furnishings soft and supple. The cream can be used on most leather surfaces — belts, purses, luggage, chairs, or table tops. The cleaner and preservative comes in a metal tube for easy application. (Radel Leather, Cleanse, 445 Wilson Ave., Newark, N. J.)

**ORIGINALS FROM** French Couturiere, Andree, will be shown at the fashion show luncheon to be staged at the Palm Springs Ranch Club Friday noon. Pictured is Jane DeDivier, modeling a gown from Andree. Many of the clothes to be shown will be hand-block fabrics by D. D. and Leslie Tillett. (Desert Sun Photo)

## Around Town

with Hildy Crawford

Some of the nicest people I know are artists . . . of one kind or another . . . people who create beauty and pleasure . . . Palm Springs owes much of its glamour to the Hollywood set . . . who love the Village and the desert as much as the rest of us . . . They own homes here and they dash down here whenever they can steal away from their work . . . and they give generously of their time and talents . . . Like Frank Sinatra . . . one of today's top stars and great artists . . . who has agreed to appear at the March of Dimes Ball to be held at Deep Well on Saturday night . . .

Sinatra will be there . . . and, in addition, he and Jimmy Van Heusen will host a table for 12 at the semi-formal dinner-dance . . . which will present a fashion show of Teitelbaum furs and Ernest Newman fashions . . . to raise money for the Polio Fund . . . I am already a Sinatra fan . . . because I have seen him do these things before . . . freely and graciously . . . but if I weren't, this would make me a convert . . . Seating space is limited to 200 and is already half sold out . . . so, if you want to help with the Polio Fund . . . better make your reservations right away . . .

The E. K. Bishops (she is the sister of Reuben Fleet) who went North to spend the holiday season at their home in Aberdeen, Washington . . . are back in Palm Springs at El Mirador . . . They will be here until mid-February . . . when they leave on a Caribbean cruise . . . with plans to return here in March . . . The Bishops have spent many Winters in the Village . . .

Hollywood's favorite golfing spot these days seems to be at Tamarisk . . . The Club, which is growing by leaps and bounds, now numbers around 450 members . . . Among some of the recent ones are such stellar names as the Sid Lufts (Judy Garland), Marty Melchers (Doris Day), Ed Gardner . . . Frequent players this past week were the Humphrey Bogarts (Lauren Bacall) . . . With the Bogarts was Sinatra, who has a home on the course . . . These are only a few of the Hollywood-in-Palm Springs members that may be spotted on the Tamarisk course . . .

Mrs. Guy Kiddoo of Chicago, who will be the weekend houseguest of Mrs. James Kemper . . . will be honored at a number of affairs during her stay here . . . Mrs. Hathaway Kemper will host a luncheon for her at the Tennis Club on Thursday . . . That evening Mrs. H. W. Armstrong will entertain sixteen . . . at cocktails at her Smoke Tree home, followed by dinner and bridge at the Tennis Club . . . Mrs. James Kemper will entertain for her houseguest at a luncheon at the Kemper home on Friday . . .

Vie and O. E. L. (Bud) Graves entertained Friday night . . . at another of their series of small, intimate salons . . . with a few people dropping in to view some of Bud's new paintings . . . Jerry

Hopps was there with her son and daughter-in-law, the Robert Hopps (Stewart is in New York on business) . . . Other guests were . . . Billie and Bob Kenaston, the Wally Brummarks, Sydney Schiffs . . . George Wheelers, Donald Duncans, Margaret and S. P. Manasse . . . the Monte Herberts, Arthur Cameron, Virginia Bruce and her husband, Ali Ipar . . .

Five couples, who meet monthly for a foreign dinner . . . enjoyed a French menu at the home of the Melvin Brens on Paseo de Marcia Friday evening . . . The dinner started with smoked oysters, sherry and salted almonds . . . and progressed through lobster newburg in the shell, and pomme des terres brioche, petit pois aux challois . . . to a chocolate-coffee with whipped cream . . . The hostess used chocolate dinnerware on a mocha-colored cloth . . . and a French arrangement of fruits and nuts . . . Conversation pieces were the bell-shaped wine glasses . . .

The five couples, who call themselves the Gourmet Club . . . are the Martin Becks, Richard Harrisons, Bob Linskeys, Melvin Brens, Frances Holmes and Dan Daniels . . .

Elsa and Bill Bassichis are arriving from Cleveland tomorrow . . . for their annual Winter stay at the Racquet Club . . .

When Millie Considine comes to Palm Springs . . . it is like putting a match to a firecracker . . . Things start to happen . . . Elsa Maxwell may give more parties . . . but Millie must go to the most . . . A number of parties are being planned for her . . . but the most spectacular will probably be the one next weekend . . . when Ray Ryan will fly around 100 guests to Las Vegas to whoop it up . . .

Dorothy Adler had all her jewels and her furs stolen while she was at a party Friday night . . . so when she got ready for a party Saturday night . . . no jewels, no furs . . . As a result she showed up at Dolly Marcuse's party . . . wearing a paper cover over her gown . . . She'd been to the cleaners . . .

Lunching poolside at the Racquet Club Saturday . . . were a lot of people in shorts and play clothes . . . with sweaters as a concession to the threatening

## Six Host Barbecue Dinner

A Western atmosphere prevailed at Deep Well Friday evening when Mr. and Mrs. George Lauter of Chicago, Mr. and Mrs. Richard Lauter of Los Angeles, and Mr. and Mrs. Milton Erman of Beverly Hills, hosted a barbecue steak dinner for around fifty. Richard Lauter barbecued the steaks and all the hosts wore chef's aprons and caps. Many of the guests were in Western attire, with prizes for the best costumes going to Leon Strauss and Mrs. Alexander Marcuse . . .

Red-and-white checked tablecloths covered the tables, which were arranged in a square "U" and candles in bottles lighted the room. Gay place cards, dishes of nuts, cornucop pipes and tobacco were on the tables . . . It happened to be the birthday of Leon Strauss, so when the apple pie was brought in each wedge had a lighted candle, and everyone sang the Birthday Song for him . . .

Among the guests were Messrs. and Mesdames Chester Adler, Harry Joe Brown (he just back from location in Mexico), Maurice Horner, George Simmonds, Walter Frank, Irvin Jacobs, Lewis Lapman, Frank Sale, Fred Salomon, Lloyd Simon, Henry Levy, Dr. and Mrs. Alfred Strauss, Dr. and Mrs. Milton Portis, Mmes. Alexander Marcuse, Merwyn Frank, Katherine Evans, Stanley Sinton, Sadie Collier, Elsie Burnham, Melville Rothschild, Florence Heller, and Mr. Donald Schiff. Also there was the Ernans' son John and his friend Burt Metcalfe. The Sol Kamens of Pittsburgh joined the party later in the evening . . .

Cocktails in the lounge preceded the dinner, which was followed by cards and dancing . . .

clouds . . . and the streaks of snow in the mountain crevices . . . At one table were Jennifer Jones and her husband David O. Selznick with Buddy Adler . . . and nearby were Alan and Sue Ladd . . .

Gene Austen and his charming wife Lieu Ciel were weekend guests at Elsinore Machris Gilliland . . . and Gene played and sang at the Maury Gebber fur fashion show . . . and again at the Sunday brunch at El Mirador . . . Gene, in case you didn't know . . . is the first of the crooners . . . and has written a galaxy of favorite song hits . . . "My Blue Heaven," "Melancholy Baby," "When My Sugar Walks Down the Street," . . . The Ted Lewis song "Wear a Hat with a Silver Lining" . . . and Bing Crosby's greatest record seller "Riding Around in the Rain." . . . The script is already finished for the movie that will tell Gene's life story . . . and it should be a great one . . . Gene is Mr. Melody . . .

Mr. and Mrs. Christian Holmes hosted a cocktail-dinner party at the Racquet Club . . . for a group which included Governor Robert Meyner of New Jersey, who spent a few days vacationing at the Club . . . Mrs. Robert Considine . . . and the Governor's aide Robert Burkhardt . . .

## Fabulous Fashions in Furs Shown at El Mirador Dinner

Fabulous coats, capes, jackets, scarfs, and stoles in sable, fox and mink followed each other in rapid succession as Maurice Gebber of the Hollywood-Roosevelt presented a dinner show at El Mirador Friday night.

The show opened with some magnificent scarfs, the first a 10-skin Crown Cable. The second, a 10-skin Golden Glory, was modeled by the Lurline Girl, Jean Tibbett. Stoles shown included a blue fox, Desert Gold, Canadian wild mink, and a black diamond. A short box coat in Persian lamb was followed by a Royal Pastel jacket with high collar, and a three-quarter length jacket in Cerulean Sapphire. A Palomino mutation mink, with Coronation collar, was modeled. One Ranch mink coat weighed only four pounds. A Pastel mink was made with diagonal push-up sleeves. Strawberry Parfait was a tiny pink mink shoulder cape. The show was delightfully commented by Dorothy (Mrs. Tex) Ritter.

Charles Irwin, noted character actor, now a Villager, acted as master of ceremonies, substituting for Leo Carrillo, who wired his regret as his house had been flooded. Irwin, who is a capable emcee, has just completed a role in "The King and I," in which he appears with Yul Brynner and Deborah Kerr. Telegrams of regrets and best wishes were read from Sophie Tucker and Harold Lloyd.

Guest of honor at the dinner was Mrs. Elsinore Machris Gilliland, who was introduced. She was also honored by Gene Austen, who sang his new song "Elsinore," which he wrote especially for Mrs. Gilliland. It will be dedicated to her next Friday night when "The Leaders" will introduce it at the Beverly-Wilshire Hotel.

Among other guests at the head table, with Mr. Gebber, were Mr.

By OSCAR FRALEY

NEW YORK — Walter Alston, the quiet man of the Brooklyn Dodgers, has become loquacious and it proves a couple of old adages.

One would be that "nothing succeeds like success." The other: "Practice makes perfect."

Suffice it to say that Alston, who spent two monosyllabic seasons on the bench before hitting the October jackpot against the Yankees, now holds his own with polished fervor on the rubber chicken and fensil tossing circuit.

"I DIDN'T know until this winter that there was so much difference between the minor leagues and the majors and between finishing second and finishing first," Alston quipped as he received the Sport Magazine award as the muscular man of the year.

"You don't have to make many speeches in the minors or when you finish second," Alston grinned. "A year ago, when the Dodgers finished second, I went to a dinner and when my train pulled in that morning there wasn't a soul to meet me. This year I went back to the same dinner and there was a huge greeting delegation."

ALSTON RECALLS that he put in "the worst day of my life" last spring when the Dodgers, played and lost, an exhibition against the Yankees. Nothing went right and he was plagued by questions as to whether such stars as Roy Campanella—who won the league's Most Valuable Player award—and Don Newcombe would stage successful comebacks.

"Things seem much better heading into a new season," he admits cautiously. "At least, Campy and Newcombe have made good on their comebacks. There are several other heartening signs."

These include the fine off-season shape of Campanella, Newcombe and Jackie Robinson; the conversion of Johnny Podres from a "thrower" to a "pitcher" along with indications that he will be back for a half season before being called into service; hope that pitchers Carl Erskine, Karl Spooner and Billy Loew have recovered from sore arms, and anticipated rookie help.

"I'M NOT saying we'll win," Alston asserted as he reverted momentarily to type. "Milwaukee and New York are tough, there is a possibility for the Phillies, Redlegs and Cardinals and there is no such thing as a pushover in this league, including the Pirates."

The big "if," he insists, concerns the pitching. At third he looks for a scuffle between Robinson and Randy Jackson, obtained from the Cubs. Junior Gilliam at second may get a contest from rookie Charlie Neal; Sandy Amos should hit better with added left field help from Gino Cimoli and Ken Lehman should be catching the pitching.

ALSTON'S "win-or-lose" world series triumph netted him a \$7,500 raise as he signed a one-year contract for \$32,500. Nobody hates money, and it's obvious that the Ohio school teacher thinks he just might earn another salary jump next year.

## Robinson-Olson Rematch Sought

NEW YORK — Promoter Jim Norris was scheduled to fly into New York tonight from Miami to close for a return middleweight title bout between champion Sugar Ray Robinson and Carl Bobo Olson at the Hollywood Legion Stadium, June 8.

Robinson, who won the 160-pound crown from Olson at the Chicago Stadium on Dec. 9, reportedly will receive a guarantee of at least \$75,000.

Sugar Ray and Bobo had a private agreement calling for a defense against Bobo within 90 days, in case Ray won the title at Chicago. But Robinson now claims he will need some non-title fights to get him "sharp" for the defense. Also he wants to earn extra money to pay back taxes.

## LOUIS TAX WOES GROWING

CHICAGO — Joe Louis now owes \$1,199,437 in back taxes and interest. Another lien for \$650,827 was filed against the former heavyweight champion Monday by D. J. Luppold, acting director of the Internal Revenue Department.

## Thunderbird Tourney Sets Thrill Mark

Exciting Finish Climaxes Highly Successful Event

A gallery of more than 3000 golf fans braved four days of the worst weather Palm Springs has had to offer for many months to watch the veteran from Houston, Texas, Jimmy Demaret, win his first major tournament since the Celebrities in Washington, D.C., in 1953, after overcoming a one-stroke deficit during four days in the Thunderbird \$15,000 Invitational.

Demaret was the glittering star of the star-studded group of 42 of the world's best professionals. They were all crowd pleasers. A dark-horse, Bill Ogden, a last-minute replacement from North Shore Country Club in Chicago, nearly copped the lead from Dr. Cary Middlecoff, the Memphis ex-hoot, who led until the 68th hole.

MIDDLECOFF double-bogeyed the 68th, while Demaret birdied the 69th, and the race then was as tense as the gallery had watched since the Ryder Cup matches in November at the same Thunderbird Country Club.

Jerry Barber, on the first day of play, sank a 50-foot putt for a birdie; Tommy Bolt, playing the 71st after a long drive on a dog-leg, used a seven iron to eagle that hole from 150 yards.

THREE FOURSOMES after Bolt, Middlecoff's one-stroke-behind lead was lying in about the same spot, and his seven iron shot bounced once on the green, hit the flag-pin, and rolled three feet away from the cup.

The crowds were so thick that over-stoked balls caused them to walk and run over each other getting out of the way. They loved it; the golfers, especially Demaret, loved it, and the crew at Thunderbird who worked so hard to make everything comfortable for the golfers and gallery were glad to see the end of Sunday, but are waiting for another four days just as exciting.

## Coachella Gym May Hamper Braves in Quest for Seventh Straight Victory

By DAVID FISHER

Second round of the 1956 Riverside County League basketball season gets under way tonight at Coachella when the high scoring Palm Springs Indians and the unpredictable Coachella Valley Arabs meet head on in their second battle of the year. It will be the only action in the league tonight and will afford the Indians, who are now deadlocked with San Jacinto for first place, a golden opportunity to gain undisputed possession of the top spot.

THE SAME two teams collided last Tuesday in Palm Springs and the local boys came away on the long end of a 56-30 score. The Indians, however, will not have it as easy this week. The Arabs will be out for revenge. They have a team that just doesn't like losing, especially to their arch rivals, Palm Springs.

THE WARRIORS of Coach Ralph Watt will be hindered further by having to play in the small Coachella gym. A new one is being constructed, but it won't be ready until the end of this week. The small floor will probably slow up the Indians' offense and could spell an upset for the Arabs.

Friday night Palm Springs crushed an outmanned Perris quintet 91-34. Charles Jordan, the league's leading scorer, bucketed 43 points to break the old R. C. L. individual scoring mark of 42. Mickey Pellum, hustling Indian guard, strengthened his hold on the third spot in scoring by pushing in 20.

THE ONE SIDED VICTORY boosted the Palm Springs scoring average to 66 points per game and gave the local cagers a commanding lead in this department. It was that sixth straight win. The Indians' defense also seemed vastly improved but playing against the cellar dwelling Perris team can't be taken as much of an indication.

The fear in the Palm Springs camp is that the Braves are looking forward too much to their Friday encounter with San Jacinto and are liable to be overconfident against Coachella. To combat this Ralph Watt has been attempting to impress his boys with the importance of the Arab tilt for a win here will put the Indians all alone in first place.

THE PRELIMINARY TILT will see the Palm Springs B team up against a Coachella squad that breezed past them 47-26 in their last meeting. This time the pa-poooses will be playing with their spark plug guard, Curtis Roberts, who was up with the Varsity the last time the two teams met.

On Friday night the B's notched their fourth win of the season, defeating the Perris hooper 60-43. High point man was Roberts who accounted for 18, while Charles Brown was just one behind him with 17.

A large group of high school students is expected to journey to Coachella in order to witness their team continue their move towards the championship. Game time for the Varsity contest is seven with B action starting at six.

## Tenley Albright in Lead in Olympic Figure Skating

CORTINA, Italy — America's Paavo Korhonen was second in the cross country race in 56:32. Norway's Arno Barhaugen was third with 57:11.

The Nordic combined gold medal goes to the man with the largest aggregate of points for the two events. It is the toughest all-around ski test in the winter games.

While Sverre Stenersen gave Norway its second gold medal of the 1956 Winter Games by winning the Nordic combined ski event, Miss Albright glided gracefully but painfully through the last two of five compulsory figures.

The 21 ice queens in the competition skated the first three school figures yesterday.

THE FREE SKATING routines, which count 40 per cent in the competition, will be skated Thursday. The slender Miss Albright will go into the last half of the event with a clear-cut lead over Carol Heiss of Ozone Park, N.Y., but she admitted the ankle she gashed Jan. 19 with a skate "still hurts."

Oleg Gontcharenko, the first Russian to finish the 10,000-meter men's speed skating race, set an Olympic record of 16:42.3. Ralf Olin, who skated with Gontcharenko in the third heat, set a Canadian mark of 17:59.2. Pat McNamara, Minneapolis, the only U.S. entry, was clocked in 17:45.6. Fog shrouded Lake Misurina.

Tenley finished the compulsory figures, elaborate figure eights, with a total of 1080.7 points. The 16-year-old Miss Heiss had 1054.95. Ingrid Wendt, the Austrian girl who trailed the two U. S. girls after yesterday's action, remained third with 1008.1.

Stenersen, the 29-year-old holder of the world title in the event, won today's 15-kilometer cross-country race after finishing second to Russia's Yuriy Moschkin in the ski jumping which started the competition Sunday.

## Harrington High Goal Player at Polo Grounds

Jim Harrington of San Diego, making his first appearance at the Polo Grounds this season, took high goal honors during Saturday and Sunday's play.

Harrington, playing No. 1 position for the Villagers, made seven goals in two games. The Villagers beat the Rasmussen Saddlers; beat by four net goals, and Green Acres by five net goals.

Other teams playing were Beverly Hills, La Jolla, Sunny Dale Stock Farm and San Bernardino. Don Howden, captain of the Beverly Hills team, led the play with four goals in the second game Saturday.

Sunday, Sunny Dale defeated Rasmussen Saddlers 12-8. Del Packard and D. C. LeBlanc were Sunny Dale's leading scorers.

San Bernardino and Beverly Hills played the last game of the two-day matches. Don Howden made four goals in the last three minutes of the game to break a 5-5 tie.

The Polo Grounds will be taken over by the rodeo crew this weekend, but the Guy Campbell-managed polo weekends will resume February 11.

**THRILLS AND SPILLS** In abundance are assured everyone who attends the 1956 Palm Springs Rodeo, sponsored by the Palm Springs Mounted Police. Action, which can be expected, is depicted by Harry Hart at last year's event which attracted

thousands to the Polo Grounds. The Rodeo is scheduled both Saturday and Sunday, with a parade to be held on the opening morning. Queen Piper Laurie will be officially crowned at the Rodeo Ball at El Mirador on Friday night.

## Truth-Bearing Balloons Giving Satellite Communists Bad Time

MUNICH, Germany (AP) — The Communists in Eastern Europe are shaking their fists at the wind. The wind is delivery boy for some merchandise the Communists didn't order — a truthful, uncensored newspaper from the free world. Red officials in Czechoslovakia recently have stepped up their criticism of the regular balloon barrage that carries two million copies of a bi-weekly paper into their country and Hungary and Poland. Although the Free Europe Press has taken elaborate steps

to insure the safety of its "winds of freedom" operation, the Communists claim the balloons are menacing aircraft and causing injury to people on the ground. Free Europe Press takes advantage of prevailing west-to-east winds to deliver its paper, which is coordinated with the broadcasts of Radio Free Europe, as a one-two punch to bring truth to citizens of satellite countries. An envelope of dry ice suspended from the boxes determines the range of each balloon. When the ice evaporates the boxes are upended and dump their contents.

The discharge of the cargo shoots the balloon skyward and at the same time flips it over. The sudden rise usually rips the balloon and its inverted position virtually guarantees that all the gas will be discharged before it reaches the ground. The balloons float at altitudes over 18,000 feet.

**Skunked**  
MARBLEHEAD, Mass. — (AP) — A skunk with its head stuck in a bottle created a major traffic jam here. Policeman Kenneth Eldridge unsnarled the tangle after breaking the bottle with a stone. The skunk, unharmed, ran away. A three-story, seven-room house at Long Beach, Cal., is only 10 feet wide.

## HOME WITH A VIEW

It's in Little Tuscany, of course. The sliding glass doors from the master bedroom lead to a private patio — the living room glass doors lead to another to take full advantage of the view. A flagstone fireplace spills out into the L shaped living room and dining area. This two bedroom, two bath home is designer built. There are walled, landscaped gardens just beyond the glass walls of the baths and marble (well, maybe not real marble) shower walls and the same "marble" is used for the free form pullman sink. This is a Little Tuscany home you can afford.

## Income Property

Four Unit Income property, on a corner. The lot is big enough to expand the building. Each apartment has a private patio, the shrubbery and landscaping are complete, even has a sprinkler system. The units are all rented — The price is \$42,500, furnished

## Exclusive

## Top Democrat Says Stevenson's Moderation Line 'Simply Won't Do'

WASHINGTON — An important Democrat has sounded a sour note a few blocks from the White House on the political aspirations of Adlai E. Stevenson.

Gov. G. Mennen Williams of Michigan told the National Press Club yesterday that Stevenson's "moderation" campaign "simply will not do." He urged Stevenson to take a "bold and courageous line."

Sunday he said in a televised interview he couldn't support Stevenson on the basis of his campaign record so far.

Williams four times governor of Michigan has been mentioned as a possible presidential or vice presidential nominee. And one of his principal political allies is Walter Reuther, AFL-CIO vice president and president of the United Automobile Workers Union.

**OTHER POLITICAL NEWS:** President Eisenhower's name will be entered in the New Jersey presidential primary. New Jersey election laws do not require consent of a candidate for entry of his name in the April 17 election.

George F. Kennan former ambassador to Russia, announced organization of a Stevenson For President Committee in New Jersey.

Frank specialist Paul Dudley White said his next examination of the President will be "sometime between Feb. 10 and Feb. 15 depending on when I get a call from the White House." The President's second term plans are expected to hinge on the results of the examination.

The acting chairman of the Congressional Economic Committee charged administration policies have promoted "galloping inflation" of big business prices and profits. Rep. Wright Patman (D-Tex.) said meanwhile farmers and small businessmen are suffering "severe deflation."

REP. USHER L. BURDICK (R-ND) said "the dread hoof and mouth disease" is spreading in the Cabinet. Referring to recent furors over statements by the secretaries of defense, state and agriculture, Burdick said, "Every time they open their mouths they get their foot into it."

Stevenson said at Phoenix that the "practice of this administration of misleading the people" would be a basic issue in the coming campaign. Stevenson also criticized "special interests" in the administration and the "erratic" foreign policy.

## Tension Rises After Norwegian Warships Seize Red Fishing Boats

ALLESUND, Norway — A council is meeting, when he received Norwegian Foreign Minister Halvard Lange sped home from Denmark today to face a threatened international incident stemming from the seizure of Russian fishing boats by Norwegian naval vessels.

Tough Norwegian sailors flourished pistols and machine guns boarded and captured four Red fishing boats and a factory ship Monday for violating Norway's territorial waters.

NORWEGIAN torpedo boats raced out at dawn after radioed reports from Norwegian fishermen said "several" Red boats which escaped Monday sneaked back during the night.

Heavier warships steamed from north and south to the area, between Stad Foreland and Svinoy lighthouse, on orders radioed from the west coast navy headquarters at Bergen.

Lange broke off his visit to Copenhagen, where the Nordic Coun-

cil is meeting, when he received the news. **THE COMMANDER** of one Norwegian boarding party fired two warning shots into the deck of a Russian ship at the feet of its captain when he refused to follow orders to sail into port. Norwegian sailors kept the Russian crew covered with submachine guns.

The captured ships were part of a Russian fishing fleet of 70 to 80 ships spotted netting herring "well within" the four-mile limit of Norwegian waters. Swift armored navy torpedo boats dashed into the middle of the fleet, catching it by surprise, and capturing four modern, 200-ton steel ships and their 40-man crews.

## Solid Blanket of Snow from Kansas Eastward

**By UNITED PRESS**  
A solid blanket of snow stretched from Kansas to the Atlantic Coast across Northeastern United States today and with light northerly winds sent temperatures plunging almost to Florida.

Well below freezing temperatures were reported everywhere in the far West except in the extreme South and through most of Southern California. But rain fell in Southern California with about half an inch recorded at Los Angeles.

The numbing cold that moved in behind yesterday's snowstorm in the Great Lakes region dropped the mercury to 4 below zero at Vandalia in Southern Illinois.

It moved into New England and over the South, dropping temperatures to near freezing in Central Mississippi, Alabama and Northern Georgia. Only Florida stayed fairly comfortable with the temperature in the middle 60s and up to 74 at Key West.

The northern Rocky Mountain states were the coldest in the nation however. Havre, Mont., reported 22 below zero and Big Piney, Wyo., 24 below.

Some new snow fell during the night in the northern plains and in the Northeast.

## Like and Eden Turn to Issue of Red China Trade

WASHINGTON — President Eisenhower and British Prime Minister Anthony Eden today turned to one of the issues on which their nations differ most—trade with Red China.

The two leaders, in the second of three days of conferences, planned to discuss the trade question and other far East problems at the White House. The Middle East crisis, which they reviewed generally yesterday, also was due for review after tea.

In a room of the White House, Secretary of State John Foster Dulles and British Foreign Secretary Selwyn Lloyd met in the State Department office to discuss Far Eastern affairs.

## Weather Forced Freeing of Navy's Crashed Missile

PORTERVILLE Calif. — The Navy today ban weather conditions were responsible for severing a guided missile from its control plane in flight and sending it crashing into an orange grove near a farmhouse.

The missile described by a Navy spokesman as a remote-controlled "drone" aircraft spun to earth yesterday on a mission from an undisclosed base in Southern California's Mojave Desert about 85 air miles south of here.

The jetless plane plowed a furrow 25 feet long and eight feet deep through the orange grove close to the ranch house of Robert E. Wolfram.

## Church Official Says Sermons Too 'Easy Going'

LOS ANGELES — A leading church official says sermons have become too "easy-going."

Dr. Paul Calvin Payne, general secretary of the Board of Christian Education of the Presbyterian Church, today told delegates to the eighth annual Ministers Convocation, "We have turned our churches into warrens for spiritual rabbits who want a magic formula to save their tender skins."

of extending the services have been placed in the hands of the two utilities for study.

The first plan would move the toll center to Palm Desert with a 20-cent charge for three minutes of conversation extended over a radius of 40 miles.

The second plan would provide free phone calls from Palm Desert to the Cathedral City exchange of the California Water and Telephone Company.

The third plan would afford free phone calls into the entire Palm Springs area as now served by the telephone company in this city.

Mezek warned, however, that the cost per subscriber would show up on monthly bills.

"I believe," said Mezek, "that the companies involved will, as they have done in the past, go along with suggestions in improved service recommended by the State Public Utilities Commission."

He did not say why it has taken the commission since 1952 to correct the situation as it exists.

Michigan, famed for its car production also leads the nation in production of cereal foods, machine tool accessories, salt and furniture for public buildings.

## City Pay Raise Plan Turned Back Because Top Posts Are Omitted

A plan, presented by representatives of the California State Personnel Board to city council yesterday so it could consider equalizing the pay of city employees, was returned to the state planners after it was found there was no method included which would allow administrative department heads to receive salary increases in the future.

The plan will be put to vote before council at its regular meeting at 8 p.m. February 8.

It was estimated that adoption of the plan, if placed into effect March 1, would cost the city about \$5000 this fiscal year. That would be a four-month period.

THOUGH THERE was no definite cost announced to council, because the raises to department heads were not figured into the total, the \$5000 figure, or about \$15,000 a year, was considered to be a generous total.

## Lauds Women's Part in Defense Beauty Queen's Attacker Sought

A woman's contribution to national defense is most important when it involves the attitude of young men serving in the armed forces, Herman Reich, candidate for Congress, told delegates of the Federated Women's Club of Riverside County meeting at El Mirador.

Specific knowledge about weapons, the kind and amount, is not as important as the contribution which women can make to the attitude of the young man entering the Army, Navy or Marine Corps, Reich said.

Attitude is most important to the future of the man embarking on a service career, or even draftee, he added.

Reich has a busy schedule this week, appearing in Corona today, Blythe Wednesday, and at the Carrot Festival in Holtville the last of this week.

One out of every 10 passenger cars and one out of every four trucks is used on the farm.

## 170-Acre Tract in Village Sold for \$250,000

Clarence L. Brown and Louis B. Mayer have purchased 170 acres of undeveloped land lying within the city limits of Palm Springs at the Tramway entrance, it was announced today.

The property, owned for the past 17 years by Mr. and Mrs. Orville L. Routt, has a frontage of approximately 4500 feet on the new alignment of Highway 111 at Palm Canyon Drive. It is one of the few large undeveloped non-Indian owned pieces of land located within the city limits.

The cash real estate transaction was estimated in the neighborhood of \$250,000.

Robert Ransom represented both buyer and seller.

## Brazil Installs Fourth President in Three Months

RIO DE JANEIRO — Juscelino Kubitschek becomes Brazil's fourth president in three months today in ceremonies attended by U.S. Vice President Richard M. Nixon and notables from 56 other countries.

Kubitschek and his running mate, Joao Goulart, who were elected Oct. 3, were to be sworn in this afternoon in the Gold Room at the Chamber of Deputies.

The outlawed Communists threatened to picket the inauguration, carrying banners demanding that Kubitschek pay off for their unsolicited support by legalizing their party and re-establishing diplomatic relations with Russia.

Police arrested 60 suspected Communists in the crowd that turned out to welcome the new president when he returned from a tour of the United States and Europe last week, and they are expected to deal summarily with any attempt to disrupt the inaugural ceremonies.

The American farmer produces enough food to feed himself and 17 other people. The average Russian farmer produces enough to feed himself and two others.
